

## Carlisle Trendsetters Guide ~ Saturday July 6th

Previous race trends (2009-18) can often help provide a short-list of potential winners in the current year's races. The percentage figure in brackets after the race details is the favourite's 'strike rate' in the race for the last ten years. Trainers who have won the race before are also highlighted if they had an entry at the final declaration stage. Also repeated in 2019 is our unique Carlisle flat form figures for their last six races at the track (shown in brackets after the horse's name) for those that have won here before. Drawfacts comments included show the past record of winning stalls in the race - divided as low-middle-high.
