

Carlisle Trendsetters Guide ~ Thursday July 11th

Today's meeting is a fairly new one with a maximum of four previous races seen for most events on the card. The percentage figure after the race details shows the favourite's strike rate where race run at least 3 times before. Trainers who have won a race before are also highlighted if they had an entry at the final declaration stage. Also repeated in 2019 is our unique Carlisle flat form figures for their last six races at the track (shown in brackets after the horse's name) for those that have won here before.
