

# Cartmel Trendsetters Guide ~ Monday May 27<sup>th</sup>

Previous race trends (2016-25) can often help provide a short-list of potential winners in the current year's races. The percentage figure after the race details is the favourite's 'strike rate' in the race for the last ten years. Trainers who have won the race before are also highlighted if they had an entry at the final declaration stage. For handicap races, horses that have won off the same/higher ratings previously are flagged as 'well handicapped' – race card numbers given.

In the last five seasons some key statistics are:

Leading Jockey – Charlotte Jones – 21 wins

Leading Trainer - James Moffatt – 32 wins
