

Carlisle Trendsetters Guide ~ Saturday July 8th

Previous race trends (2013-22) can often help provide a short-list of potential winners in the current year's races. The percentage figure after the race details is the favourite's 'strike rate' in the race for the last ten years. Trainers who have won the race before are also highlighted if they had an entry at the final declaration stage. Drawfacts comments show the past record of winning stalls in the race – stalls divided as low-middle-high.
