

## Carlisle Trendsetters Guide ~ Monday June 16<sup>th</sup>

Previous race trends (2015-24) can often help provide a short-list of potential winners in the current year's races. The percentage figure after the race details is the favourite's 'strike rate' in the race for the last ten years. Trainers who have won the race before are also highlighted if they had an entry at the final declaration stage. In handicap races, horses that have won off the same/higher ratings are highlighted as 'well handicapped' – racecard numbers only as quite a few today!
