

## GLORIOUS GOODWOOD - 10 YEAR TRENDS

A brief summary of key trends is detailed below for each race over the five-day meeting. Trends alone will not usually find winners but they may help you to draw up a short-list and then use your own skill and judgement to find that elusive winner! The figure after each race name/detail is the favourites win rate e.g. 5 wins in 10 years = 50%. The main race of the day is also highlighted. The Drawfacts given assume the stalls are split into three parts ~ low/middle/high.
