

YORK EBOR MEETING - 10 YEAR TRENDS

A brief summary of key trends is detailed below for each race over the four-day meeting - trends alone will not usually find winners but they may help you to draw up a short-list and then use your own skill and judgement to find that elusive winner! The figure after each race name/detail is the favourites win rate e.g. 5 wins in 10 years = 50%. The main race of the day is also highlighted. A general draw guide is given for each race splitting the field into three parts: low, middle & high. 5.5F H'CAP (10%): Apart from a rare winning favourite in 2019 the other winners to date were easy to back at odds of 7/1 to 22/1, all having last run within 4--25 days. 10/10 winners carried a weight of 8st 12lbs or greater. A low draw may be a slight advantage with 20/40 wins/placed horses coming from the lowest third of the stalls. The last seven winners were all 4th or better LTO. Whilst there have not been any dual winners since the race was first run in 2009, both *Copper Knight* & *Bergerac* are seeking a second win in the race this year. Draw: Low 40%; Middle 30%; High 30%.

7F ACOMB STKS (Gr 3) for 2yo. (5%): Nine of the last ten winners won their last race with the 2013 winner finishing 2nd on its last run. 6F LOWTHER STAKES for 2yo Fillies (Group 2) (25%): 8/10 winners won their last race, with the other two winners finishing 3rd LTO. 6/10 winners were either 1st/2nd favourites. Since 2015, three winners had last run at Ascot (Gr3) 26 days earlier, with two winning and the other 3rd there. *Symbology* has a similar profile this year. Draw Low 30%; Middle 30%; High 40%.

6F GOFFS PREMIER YEARLING STKS FOR 2yo (30%): Only five trainers have won the race in the last ten years and of these the following have intended runners in 2023: R Hannon (5 wins – S Levey has ridden four of them), W Haggas (3 wins – odds were 2/1 to 12/1) & R Fahey (1 win – a 33/1 shot). If taking into account the first four home each year a high draw has provided only 7/40 winners/placed horses with a middle berth (16/40) and low draw (17/40). Stall 3 has produced one winner and four placed horses in the last nine years. 8/10 winners had odds of 9/1 or shorter (others were 12/1 & 33/1). No maidens have won the race in the last 10 years. When looking at past 10 years wins/placed horses, only 10/40 wins/places were drawn high which is the least productive segment of the draw with Low & Medium producing 15/40 winners/placed horses. 8/10 winners had odds of 8/1 or greater with longest winning odds being 28/1. D O'Meara is the leading trainer with 3 wins since 2013 – all 6th or better LTO. Highest winning weight in last 10 years is 9st 10lbs. Both *Cruyff Turn* & *Blue For You* are seeking second wins in the race – last dual winner was *Concer Un* in 1996/7 Draw Low 40%; Middle 30%; High 30%.

1M 4F YORKSHIRE OAKS (Gr 1) (70%): The Gosden (3 wins) & O'Brien (4 wins) yards have largely dominated this race since 2013. This has become a race for red hot winning favourites in recent years and is perhaps a race to watch and enjoy rather than bet on. 3yo have won 7/10 recent renewals. R L Moore is the top jockey in the race with 3 wins since 2014. *Savethelastdance* is seeking to become the 4th Irish Oaks winner to come here and win since 2014 – one runner up in that race also won here so don't rule out *Bluestocking*.
