

YORK EBOR MEETING - 10 YEAR TRENDS

A brief summary of key trends is detailed below for each race over the four-day meeting - trends alone will not usually find winners but they may help you to draw up a short-list and then use your own skill and judgement to find that elusive winner! The figure after each race name/detail is the favourites win rate e.g. 5 wins in 10 years = 50%. The main race of the day is also highlighted. A general draw guide is given for each race splitting the field into three parts: low, middle & high. For more comprehensive details of the draw affects please use the members only N&M Racing Club Drawfacts Data website: <http://the-nrc.weebly.com>

5.5F H'CAP (10%): Apart from a rare winning favourite in 2019 the other winners to date were easy to back at odds of 11/1 to 22/1, all having last run within 4--25 days. 10/10 winners carried a weight of 8st 12lbs or greater. A low draw may be a slight advantage with 18/40 wins/placed horses coming from the lowest third of the stalls. Six of the last seven winners were 4th or better LTO. Whilst there have not been any dual winners since the race was first run in 2009, both *Copper Knight & Bergerac* are seeking a second win in the race this year. No 3yo have won the race in the past. Draw: Low 40%; Middle 40%; High 20%.

7F ACOMB STKS (Gr 3) for 2yo. (5%): The last ten winners won their last race. Only 2/10 winners were either 1st/2nd favourites and the last ten years has thrown up six winners at odds of 9/1 to 25/1. 6F LOWTHER STAKES for 2yo Fillies (Group 2) (30%): 8/10 winners won their last race, with the other two winners finishing 3rd LTO. 6/10 winners were either 1st/2nd favourites. Since 2015, three winners had last run at Ascot (Gr 3) 26 days earlier, with two winning and the other 3rd there. Draw Low 30%; Middle 30%; High 40%.

6F GOFFS PREMIER YEARLING STKS FOR 2yo (45%): Only five trainers have won the race in the last ten years and of these the following have intended runners in 2024: R Hannon (5 wins – S Levey has ridden four of them), C Cox – 1 win (2023 winner was joint favourite and unbeaten in two previous races) T Dascombe – 1 win (was a 3/1 favourite) & R Fahey (1 win – a 33/1 shot). If taking into account the first four home each year a high draw has provided only 7/40 winners/placed horses with a middle berth (16/40) and low draw (17/40). Stall 3 has produced one winner and four placed horses in the last ten years. 8/10 winners had odds of 15/2 or shorter (others were 12/1 & 33/1). No maidens have won the race in the last 10 years. When looking at past 10 years wins/placed horses, only 10/40 wins/places were drawn high which is the least productive segment of the draw with Low & Medium producing 14/40 & 16/40 winners/placed horses respectively. 8/10 winners had odds of 8/1 or greater with longest winning odds being 40/1. 1M 4F SIR HENRY CECIL GALTRES STKS (FILLIES/MARES - LISTED) (40%): A run of 4th or better LTO is usually an essential form guide – four of the last ten winners had also won LTO. Nine of the last ten winners had all won their first race in the current season. 3yo horses have won 9/10 recent renewals. In the betting 7/10 had odds of 8/1 or shorter with the others including a 20/1 shot and two at 12/1. Draw: Low 30%; Middle 20%; High 50%

7F NURSERY HANDICAP FOR 2YO (0%): New race in 2020. All winners to date were 3rd or LTO with odds of 6/1 to 8/1 and all came from stall 10 or lower. Draw: Low 25%; Middle 50%; High 25%.

7F (FILLIES) H'CAP (20%): All past winners were 3rd or better on at least one of their last two races. 8/10 last ran 6-29 days earlier with the other two winners rested 54-69 days before winning here. 3yo is the leading age group, providing 8/10 winners to date (others aged 4yo). The last three winners had won at least two of their last three races. When including winners/placed horses the best draw seems to be in the middle (14/34). Draw (wins only): Low 40%; Middle 10%; High 50%
